

PEDRALI®

FLOWER BLTD_89

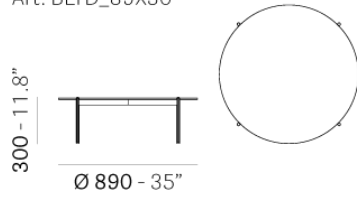

DESIGN:
SEBASTIAN HERKNER

The coffee tables in the Blume collection, inspired by an idea of elegance and sophistication, take up the same flower-shaped profile of the chairs, which is highlighted over the edge of the tabletop. Available in three different heights with a frame made of extruded aluminum and a round table top Ø 890 mm made of marble, marble agglomerate or compact board. Blume coffee tables are stackable and can be combined in many ways.
