

Door Standard

Double glazed

Rw up to 38 dB

Option to add muntins

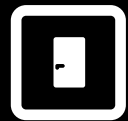

Any colour from the RAL palette

Our **STANDARD** aluminium-framed doors can be installed in any mounting hole, including glass wall systems. With sound insulation of Rw 34 dB to Rw 40 dB and the option of retrofitting decorative or structural muntins, they are a popular choice for various modern office interior designs.

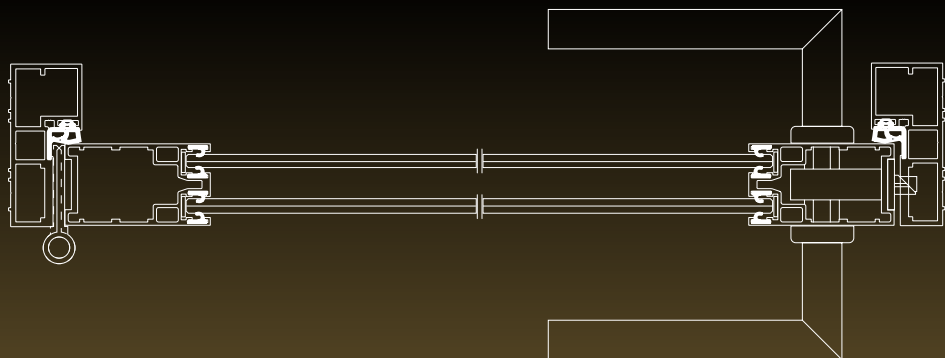

We also offer a smoke-proof version of our STANDARD doors.

Single or double leaf doors
